

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

This letter is to state my strong opposition to further monopolization of public airwaves. This country is falling precipitously towards totally managed "news" and already shows a serious inability to express fairly balanced opinions of the the American public. The corporatization of news outlets inhibits opposition and therefore effectively gives one voice and limited opinions to be considered in grave choices for this country. That is the way of dictatorships and government controlled media, not the American or Democratic Way.
